**EPI-OTIC® ADVANCED**

Virbac

**DERMATOLOGY**

**EAR CLEANSER FOR DOGS, CATS, PUPPIES, AND KITTENS**

**SALICYLIC ACID 0.2%**

**CLEANSING**

**DRYING**

**NON-IRRITATING**

**KERATOLYTIC**

**ANTISEPTIC**

**ANTI-ADHESIVE Technology™**

**EPI-OTIC® ADVANCED** Ear Cleanser is a non-irritating ear cleanser formulated with anti-adhesive\* properties to prevent microbial attachment. **EPI-OTIC ADVANCED** Ear Cleanser's patented anti-odor technology eliminates ear canal odor.

**USES**

**EPI-OTIC ADVANCED** Ear Cleanser may be used to cleanse ear canals with severe otitis externa or thirty (30) minutes prior to administration of other ear preparations in the treatment of otitis externa. If 30 minutes is not feasible, the ear canal should be gently dried with a cotton ball, followed by administration of other ear preparations. It may be used in dogs and cats of any age.

**INGREDIENTS**

Salicylic Acid 0.2%, in a mild citrus aroma cleansing solution with patented anti-odor technology, containing disodium EDTA, docusate sodium, PCMX, a monosaccharide complex (l-rhamnose, d-galactose, d-mannose), and FD&C Blue #1.

## **DIRECTIONS FOR USE**

Shake well before use. Turn the white nozzle to open the product and then apply liberally into the ear canal. Gently rub the base of the ear and then wipe the interior of the ear flap with cotton or a cloth moistened with **EPI-OTIC ADVANCED** Ear Cleanser.

**Frequency of use:** From two to three times a week to daily for routine use, before each ear treatment in the case of otitis externa, or as directed by your veterinarian.

## **WARNING**

Keep out of reach of children.

## **CAUTION**

For animal use only. For topical use only. Avoid contact with eyes. In case of contact, flush eyes with water and seek medical attention if irritation persists. Do not use in ears with ruptured tympanic membranes (eardrums).

AVAILABLE THROUGH LICENSED VETERINARIANS ONLY
