## CLENZ-A-DENT™ RF2 TOOTHPASTE

Sogeval

### **Oral hygiene in dogs and cats**

*Plaque Control*

*Tartar Control*

*Freshens Breath*

### **RF2 - dental biofilm control**

#### **INGREDIENTS:**

Palatable Poultry Flavored Toothpaste - Purified water, sorbitol, dicalcium phosphate dihydrate, hydrated silica, rheum palmatum (source of RF2), sodium carboxymethyl cellulose, propylene glycol, sodium saccharinate, flavor, methylparaben, propylparaben.

Palatable Vanilla Mint Flavored Toothpaste - Purified water, sorbitol, dicalcium phosphate dihydrate, hydrated silica, rheum palmatum (source of RF2), sodium carboxymethyl cellulose, propylene glycol, sodium saccharinate, flavor, methylparaben, propylparaben, titanium dioxide.

1g of toothpaste contains 20mg of RF2.

**PROPERTIES:** CLENZ-A-DENT™ RF2 Toothpaste is a palatable toothpaste for the reduction of plaque and bad breath in dogs and cats. CLENZ-A-DENT RF2 contains a unique patented ingredient. RF2 breaks down the biofilm made by bacteria present in the mouth. Biofilm is the first step to plaque and tartar build-up. Therefore CLENZ-A-DENT RF2 disrupts the formation of biofilm and thus prevents plaque build-up and tartar.

RF2 also restores the mouth's natural bacterial balance. The combined actions of RF2 on tartar build-up and bacterial balance help fight bad breath.

**DIRECTIONS FOR USE:** Apply once a day on the teeth with the finger brush or a soft bristled toothbrush. Can be used in a protocol with other CLENZ-A-DENT™ products for effective home dental care. The veterinarian's recommendations should be followed.

**PRECAUTIONS FOR USE:** Keep out of reach of children. Not intended for human consumption.

**STORAGE:** Store in a cool and dry place. Use within 6 months after opening.

**FOR VETERINARY USE ONLY**
