

Greenies Senior Treat Pack, Large 12 oz. (8 Count)

Dogs Dental Care Treats

Isn't it nice to know that we can help our four-legged best friends age gracefully? That's why we created the GREENIES SENIOR™ dental chew - specially made for dogs 7 years or older. GREENIES SENIOR™ dental chews have the same benefits as GREENIES® dental chews, but with the added benefit to help maintain limber, healthy joints.

GREENIES SENIOR™ dental chews now contain added natural sources of antioxidants to promote a healthy immune system, as well as natural sources of dietary fiber for digestibility. Plus, our new recipe now carries the Veterinary Oral Health Council (VOHC) Seal of Acceptance.

A chewy and delicious clean

One GREENIES SENIOR™ dental chew a day helps control harmful plaque, tartar build up and freshens breath.

Helps keep joints strong

GREENIES SENIOR™ dental chews contain a natural source of glucosamine and chondroitin, which support healthy joints and to keep a hop in your dog's step.

4 unique sizes

Dogs come in all different sizes, and so do GREENIES SENIOR™ dental chews. Look for the following: Large, Regular, Petite, and TEENIE™ dental chews.

Soft and chewy texture

GREENIES SENIOR™ dental chews have a soft and chewy texture, specifically designed for sensitive teeth and gums.

Easy to digest

Older dogs can often have trouble digesting certain foods. GREENIES SENIOR™ dental chews contain a natural blend of fiber which makes them easy to digest.

Nutrition

If you need a dental chew specifically formulated to address the needs of older dogs (7+), you need GREENIES SENIOR™ dental chews. The NEW enhanced recipe helps clean teeth and freshen breath like our GREENIES® dental chew, but have fewer calories, and a soft, chewy texture that's easier on sensitive teeth and gums. To top it off, they now contain natural sources of antioxidants and fiber, and glucosamine, and chondroitin also naturally sourced to help support strong, healthy joints.

Ingredients

Rice flour, gelatin, glycerin, wheat flour, hydrogenated starch hydrolysate, oat fiber, apple pomace, dried chicken cartilage (natural source of glucosamine and chondroitin), tomato pomace, natural flavor, soy protein isolate, wheat protein isolate, vegetable oil (preserved with mixed tocopherols), lecithin, barley flour, pea flour, sodium caseinate, ground flaxseed, minerals (magnesium amino acid chelate, calcium carbonate, zinc sulfate, ferrous sulfate, copper sulfate, manganese sulfate, calcium pantothenate,

potassium iodide), vitamins (dl-alpha-tocopherol acetate [source of vitamin E], L-ascorbyl-2-polyphosphate [source of vitamin C], vitamin B12 supplement, niacin supplement, vitamin A supplement, riboflavin supplement, vitamin D3 supplement, biotin, pyridoxine hydrochloride [vitamin B6], thiamine mononitrate [vitamin B1], folic acid), potassium sorbate (to preserve freshness), choline, chloride, taurine, carotene, chlorophyll.

*(Kcals/treat)	

Feeding Guidelines

Feed 1 GREENIES SENIOR™ dental treat per day. Not suitable for dogs less than 5 lbs or dogs less than 6 months of age. Fresh drinking water should always be available.

ATTENTION: As with any edible product, monitor your dog to ensure the treat is adequately chewed. Gulping any item can be harmful or even fatal to a dog.

This chart will help you choose the right size GREENIES SENIOR™ dental chew for your dog:

	Large	dogs 50-100 lbs/22-45 kg
	Regular	dogs 25-50 lbs/11-22 kg
	Petite	dogs 15-25 lbs/7-11 kg

	TEENIE™	dogs 5-15 lbs/2-7 kg
