

## Pegetables Dental Chews Nature's Dog Chew

Pegetables are nutritious and delicious premium dental dog chew treats made with real vegetables. Made from natural ingredients, Pegetables provide dogs with the daily beneficial supplements derived from real vegetables to help them live longer and healthier lives. Pegetables are fortified with antioxidants, vitamins, minerals, essential fatty acids, protein, fiber, calcium, and vitamins A, B, C, D, & E. The texture of Pegetables promotes proper dental hygiene for dogs due to the natural brushing action during the longer chewing experience. Pegetables are clinically proven to significantly reduce plaque and tartar build-up in dogs when used as a regular dietary supplement.

The real corn content in Pegetables may provide the following benefits:

- Can help appearance of your dog's coat
- Supports the immune system
- Supports the digestive system and heart
- Made with natural vegetables
- No artificial colors, flavors or animal by-products

Carrot is an excellent source of antioxidants which help maintain a healthy heart. Rich in Vitamin A for your dog's vision and provides nutrients necessary for energy.

Celery is an important source of Vitamin C and fiber which help maintain a healthy immune system, liver, urinary tract and joint health.

Corn is a rich source of complex carbohydrates for energy, amino acids for growth and a healthy immune system. Source of linoleic acid to support healthy skin and coat.

Pegetables dental chews are clinically proven to reduce plaque and tartar build-up for fresher breath!
