## VETERICYN VF® WOUND & INFECTION TREATMENT

Innovacyn

Clean - Treat - Heal

### Veterinary Formula

### Formula Based on FDA-Cleared Microcyn® Technology

### Twice the potency of the Regular OTC formulation

One-step topical solution/spray that cleans wounds, treats infection and kills pathogens including antibiotic-resistant MRSA.

### WITH REVOLUTIONARY MICROCYN® TECHNOLOGY

**One-step topical spray that cleans wounds, treats infection and kills bacteria including antibiotic-resistant MRSA. Use to treat hot spots, bites, cuts, outer ear infections, yeast infections and rashes.** This steroid-free, antibiotic-free, no-rinse solution is non-toxic and speeds healing. Vetericyn® Wound and Infection Treatment is based on FDA-cleared Microcyn® Technology. This revolutionary antimicrobial wound treatment kills antibiotic-resistant strains of bacteria as well as fungi, viruses and spores. An oxychlorine compound similar to that produced by the animal's own immune system, Vetericyn will not harm healthy tissue. Being pH neutral, it will not sting when applied. **Tests free for competitive animals.**

**Indications:** For management, treatment regimen & acceleration of healing process of traumatic wounds, cuts, abrasions, skin irritations, skin ulcers, post surgical incision sites, burns, scratches, rashes, chronic inflammation, wound odors. In solution this product kills 99.9999% of bacteria, single-cell organisms and fungi making it ideal for prevention & control of infections & maintenance of sanitary conditions by killing bacteria such as E. coli, Salmonella, Staph (MRSA), Strep, Moraxella bovis, Pasteurella & Actinomyces. Safe for use around mouth, nose and eyes.

**Directions for container use:** Remove top and safety seal from container. Remove sprayer from bag and unwrap hose completely. Insert hose into container and tighten cap. Adjust nozzle to the desired spray setting. Begin pulling trigger on spray head to dispense Vetericyn. After using, close spray nozzle.

**Directions for animal use:** Move excess hair from wound area. Clip if necessary. Apply Vetericyn liberally on the wound to clean, treat infections and promote healing. If dressing is required, apply Vetericyn liberally to dressing. Apply dressing to wound. Treatment protocol as directed by veterinarian until wound is healed. If dressing is necessary, apply at each dressing change until wound is healed. No rinsing necessary. Treatment protocol as directed by Veterinarian until wound is healed. Skin may “pinken” after application due to increased blood flow to wound site which will help speed healing.

**Use Precautions: For external use only.** Discontinue use if irritation develops and contact your veterinarian. For animal use only. Not for human use. Keep out of reach of children. Safe if licked by animal. Do not decant into smaller containers. Not for injection. Always consult with a Veterinarian for systemic conditions.

**Storage:** Store at room temperature away from direct sunlight and heat. **DO NOT FREEZE.** After use, seal or close dispenser.

**Stability:** See label for date of expiration.

**Disposal:** No special disposal requirements. Vetericyn will not harm environment and is 100% biodegradable.

**Ingredients:** Electrolyzed Water (H<sub>2</sub>O) (99.816%), Sodium Chloride (NaCl) (0.023%), Sodium Phosphate (NaH<sub>2</sub>PO<sub>4</sub>/Na<sub>2</sub>HPO<sub>4</sub>) (0.015%), & Hypochlorous Acid (HOCl) (0.011%)

Dispensed by licensed Veterinarians only.
