**Double Strength Chewable Tablets**

**Guaranteed Analysis-Each Chewable Tablet Contains:**

Glucosamine Hydrochloride† minimum	500 mg*
Sodium Chondroitin Sulfate† minimum	400 mg* ▲
Manganese minimum	5 mg◆

Ingredients: Glucosamine hydrochloride (derived from shellfish), sodium chondroitin sulfate (derived from bovine cartilage), microcrystalline cellulose, artificial roast beef flavor, manganese ascorbate, natural and artificial cheese flavor, mixed glycosaminoglycans, dried brewers yeast, magnesium stearate, and natural garlic flavor.

\*Not recognized as an essential nutrient by the AAFCO Dog Food Nutrient Profiles.

† Cosequin contains FCHG49® Glucosamine and TRH122® Sodium Chondroitin Sulfate, Nutramax Laboratories® proprietary veterinary researched specifications.

▲ Reported on a hydrous basis.

◆ From manganese ascorbate

Store in a cool, dry area out of direct sunlight. Keep lid tightly secured to ensure freshness. Keep bottle out of the reach of children.

This bottle contains (1) non-toxic desiccant to help preserve freshness and ensure the shelf life of the product.

▼ Source: Surveys conducted in November 2009 of small animal veterinarians who recommended oral joint health supplements.

Cosequin® DS is a product of Nutramax Laboratories.®

### Administration as a supplement for dogs

The recommended initial administration period is four to six weeks; however, some dogs may respond in a shorter period of time. The number of Cosequin® DS chewable tablets may then be reduced to the maintenance level. The chewable tablets may be fed directly or crumbled and mixed with food. Ask your veterinarian about 250-count size, Cosequin's best value. Visit [cosequin.com](http://cosequin.com).

Dog's Weight	NUMBER OF TABLETS	
	Initial 4 to 6 Week Administration Period	Maintenance Level ▲
10-24 lbs.*	1 daily (1/2 in the morning & 1/2 in the evening) *(under 10 lbs, 1/2 daily)	1/2 daily (tablets are scored)
25-49 lbs.	2 daily (1 in the morning & 1 in the evening)	1 daily
50-100 lbs.	3 daily (2 in the morning & 1 in the evening)	1-2 daily
Over 100 lbs.	4 daily (2 in the morning & 2 in the evening)	2 daily

▲ Once consistent improvement has been seen, these maintenance levels may be reduced to an every other day administration. The maintenance level can also be used long-term on healthy dogs to help support their joints.

U.S. Patent No. 5,587,363
