

# Ectopamine Natural Flea, Tick and Mosquito Control

## Product Description:

Patented technology and natural active ingredients give this insecticide the strength to kill fleas and ticks, and repel mosquitoes on contact. Works for up to four weeks on cats of all weights, but is safe enough to be applied more often if necessary.

- Kills and repels fleas, ticks and mosquito's with natural ingredients.
- Safe for use around children and pets.
- Veterinarian tested.

## Directions for Use:

Read entire label before each use, and use only in accordance with label instructions. For use on cats and kittens. Do not get this product in your pet's eyes or mouth. Do not bathe pet within the first 24 hours after squeeze-on has been applied. Households with more than one cat should not allow cats to go groom each other until solution has dried. Pets may be treated indoors or outdoors. Product should be applied as needed, but should be applied at least once per month. If pet is exposed to a highly infested environment, repeat applications may be necessary. Apply contents of one tube of the Ectopamine Natural Flea, Tick and Mosquito Topical for Cats and Kittens as a spot or stripe, starting high on the back of the cat's neck to in from of the shoulder blades. In order to help reduce the occurrence of fleas and ticks, this product is best used year round.

## How to Apply:

Remove product tube from package. Holding tube with notched end pointing up and away from face and body, cut the narrow end at the notches. While holding the animal with one hand use the other to apply the solution. Invert the tube, and use the narrow end to part the animal's hair while gently squeezing to apply to the animal's skin. Hold the animal for a few seconds to give the solution time to be absorbed into the animal's coat. When finished, wrap the tube in paper and put into the trash.

## Precautionary Statements:

Keep out of reach of children.

**To humans:** Avoid contact with eyes. Wash thoroughly with soap and water after handling.

**To Domestic Animals:** Do not apply product directly in or on eyes, mouth, nose or genitalia of animals. Do not use on (or cause exposure to) kittens under 12 weeks of age. Sensitivities may occur after using ANY product for pets. If signs of sensitivity occur, bathe your pet with mild soap and rinse with large amounts of water. If signs continue, consult a veterinarian immediately.

## Storage and Disposal:

Store only in original container in a cool, dry area inaccessible to children and pets.

Do not reuse this container. Place in trash or offer for recycling if available.
