JOINT MAX® TRIPLE STRENGTH SOFT CHEWS

PHS

Veterinarian Approved

Antioxidants, EPA & DHA, Glucosamine 1000 mg, Chondroitin 100 mg, Creatine 400 mg, MSM 600 mg

Joint MAX® Triple Strength Soft Chews is a powerful Glucosamine, Chondroitin, MSM, Creatine, Antioxidant, Vitamin and Mineral supplement with added EPA and DHA for improved joint and skin health.

DIRECTIONS: After 6 weeks, the dosage can be reduced if positive results are seen. Since each pet's body is different, results may take longer in some pets. Joint MAX® Triple Strength Soft Chews can also be used long term on normal dogs to help keep their joints healthy.

Administration

Size of Dog	Daily
Up to 15 lbs.	1/2 chew
16 to 30 lbs.	1 chew
31 to 60 lbs.	2 chews
61 to 100 lbs.	4 chews
Over 100 lbs.	5 chews

NOTE:

Keep container at room temperature. Keep out of reach of children.

Cautions: Not tested in pregnant animals. Consult with your veterinarian before using this product in animals: with clotting disorders; being treated with anticoagulant medications; with diabetes or any metabolic disorder causing hyperglycemia; with a history of urinary tract stones. If lameness worsens, discontinue use and contact your veterinarian. Administer with or after a meal to reduce incidence of gastrointestinal upset.

Active Ingredients (per two soft chews):

Glucosamine HCl*	1000 mg
Chondroitin Sulfate*	100 mg
