RECOVERY® EQ-HA

Biomedica

Lameness treatment and prevention and trauma recovery (surgery, injury and over-training). Award winning oral dietary supplement developed for horses.

Contains the following guaranteed pure ingredients/scoop (26 grams/0.9 oz = 2 tablespoons):

Primary active ingredient:

Nutricol®	1,000 mg
-----------	----------

Nutricol® is a proprietary bioflavonoid complex containing EGCG, theaflavin, proanthocyanidins and resveratrol extracted from green tea and grapes.

Secondary ingredients:

glucosamine hydrochloride	10,000mg
methyl sulfonyl methane (MSM)	10,000mg
vitamin C (magnesium ascorbate)	1,400mg
trimethylglycine hydrochloride (TMG)	1,000mg
vitamin E (natural d-alpha tocopheryl)	750 iu
magnesium (magnesium ascorbate)	525mg
hyaluronic acid (sodium hyaluronate)	100mg

Suggested Use:

Introduce gradually over a two-week period to a concentrated dose of 1/2 scoop per 300 pounds body weight. Mix with feed.

After 30 - 60 days it may be possible to reduce intake to 1/4 scoop per 300 pounds body weight.

Do not use if inside seal is broken. Store in a cool, dry place. Contents are free of all artificial ingredients, preservatives, additives and common allergens.
