## **TrizCHLOR 4HC Spray Conditioner With Hydrocortisone**

### **Antimicrobial - Medicated - Anti-Inflammatory**

**DermaPet TrizCHLOR 4HC Spray** is a Chlorhexidine Gluconate 4% Spray and is an antimicrobial spray for use on dogs, cats and horses with skin infections (bacterial dermatitis, pyoderma) responsive to chlorhexidine. Hydrocortisone promotes relief for itchy skin.

**Directions:** Shake well.

- For dry application - apply directly to skin and haircoat and allow to dry.
- For wet application or after shampooing - remove excess moisture and apply directly to skin and haircoat.
- Use 1-3 times weekly or as directed by veterinarian.

For best results, use TrizCHLOR 4HC Shampoo prior to applying spray.

**Active Ingredient:** Chlorhexidine gluconate 4%, Hydrocortisone 1%

**Contains:** Tromethamine (Tris) USP, Edetate Disodium Dihydrate (EDTA, TrisEDTA), USP, in leave-on, dry on base.

**Caution:** Keep out of the reach of children and pets. For topical use only. Store at room temperature. Avoid contact with eyes and mucous membranes. In case of contact, flush eyes with water and seek medical attention if irritation persists. Wash hands after use. Not for otic use.
