## VETERICYN® PINK EYE SPRAY

Innovacyn

Clean - Treat - Heal

### **Formula Based on Microcyn® Technology**

WITH REVOLUTIONARY MICROCYN® TECHNOLOGY

**Reduction of Redness and Irritation**

**Reduction of Discharge and Drainage**

**Reduction of Pain and Swelling**

**Prevention and control of outbreak conditions**

**Apply to irritated eyes to provide relief from burning, stinging, itching, pollutants and other foreign materials.** Also use to clean and sooth eyes from the effects of pink eye. This steroid-free, antibiotic-free, no-rinse solution is non-toxic and speeds healing. It is a revolutionary antimicrobial solution that kills antibiotic resistant strains of bacteria as well as fungi, viruses and spores. Vetericyn is as safe as saline, because it is based on an oxychlorine compound similar to that produced by the animal's own immune system. Having the same pH as normal tear fluid, it will not sting when applied. Use Vetericyn Pink Eye Spray to wash away mucus secretions and discharges. **Tests free for competitive animals.**

**Indications:** Vetericyn Pink Eye Spray is an eye wash for irritated eyes which helps relieve burning, stinging and itching by removing air pollutants (pollen/smog) and other foreign materials. For flushing and cleaning eyes, Vetericyn Pink Eye Spray contains an antimicrobial ingredient proven effective against bacteria, fungi, viruses and spores.

**Directions for use:** Adjust nozzle. Wipe away excess matter that may have collected in the eyes. Spray gently into eyes or flush eyes gently with Vetericyn. No rinsing necessary. Apply 2-4 times per day until condition is no longer visible.

**Use Precautions:** For external use only. Discontinue use if irritation develops and contact your veterinarian. For animal use only. Not for human use. Keep out of reach of children. Safe if licked by animal. Not for injection. Always consult with a veterinarian for systemic conditions.

**Storage:** Store at room temperature away from direct sunlight and heat. **DO NOT FREEZE.** After use, seal or close dispenser.

**Stability:** See label for date of expiration.

**Disposal:** No special disposal requirements. Vetericyn will not harm environment and is 100% biodegradable.

**Ingredients:** Electrolyzed Water (99.836%), Sodium Phosphate ( $\text{NaH}_2\text{PO}_4/\text{Na}_2\text{HPO}_4$ ) (0.13%), Sodium Chloride ( $\text{NaCl}$ ) (0.025%), Hypochlorous Acid ( $\text{HOCl}$ ) (0.009%)
