**VIRALYS® POWDER**

Vétoquinol USA

**ORAL POWDER FOR CATS**

L-Lysine HCl Nutritional Supplement

**Viralys®** is a highly palatable powder that may be sprinkled over dry food or mixed with a small amount of canned food.

**ADMINISTRATION:** Each 322 mg (one rounded scoop) contains approximately 500 mg of L-Lysine in a palatable base. The suggested dose for cats over 6 months of age is one rounded scoop given orally twice daily. The suggested dose for kittens under 6 months of age is 1/2 scoop given orally twice daily. Adjust dosage as recommended by your veterinarian.

**INGREDIENTS:** L-Lysine in a palatable flavor base.

**USE:** For use in cats and kittens as a nutritional supplement for conditions responsive to Lysine.

**KEEP OUT OF THE REACH OF CHILDREN**

**SOLD EXCLUSIVELY THROUGH VETERINARIANS**

Store at controlled room temperature.

Manufactured for: **Vétoquinol USA, Inc.**, Buena, NJ (USA) 08310
